

TEA TOWELS

BY GRAPHICS ON SHIRTS

Our towels are 100% cotton and are available in Bleached (White) and Unbleached (Natural).

We source and stock the towels ourselves to ensure we never run out and to maintain consistent quality. They are 720mm high by 510mm wide with a maximum print area of 600mm x 400mm , and do a pretty damn good job of drying dishes if you are into that sort of thing.

We print using water based inks to ensure a soft water absorbent finish, and can match pretty much any colour, although due to being water based an exact match to pantone colours may not always be possible. We can also print plastisol ink if your prefer, although this will make drying difficult.

Pricing is based on quantity and number of colours.

Tea Towels are priced per design. (ie. One company with 6 designs with 100 prints each will be charged 100+ rates six times with six setups). If a single design exceeds 500 units the setup is free.

Artwork is required in a vector format.

PRICING:
